

LUKE McLUKE SAYS.
When some wealthy people brag that they have the best of everything, they are not talking about manners. It isn't hard to turn a woman's head around any milliner's window will do the trick.

Nature is a careless cuss. She fixes things so that the girl is wrangling of it and another girl is trying to make a perfect 10 look like something. Why are people so proud of a famous tree? Trace any family tree back far enough and you will find a wood chopper.

Before she gets him she is always talking about his worth. But after she gets him she is always talking about his worthlessness.

We know as well as you do that you can't unscramble an omelette. But we do wish some one would break the corner of eggs.

The ship spellers are not all employed at the Highbrow Magazine. Some of them are employed as sign writers in stores.

The old fashioned man who used to get the yellow fingers look that way from smoking cigarettes.

A man can wear whiskers and still be a humdinger. But there is no hope for the man who is so fond of his whiskers that he puts perfume on them.

The man who spends four hours telling you how he is going to be rich, is usually a poor fellow. He is usually a poor fellow who goes to the police.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE
If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative because they love its pleasant taste and it thoroughly cleanses their tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated give a teaspoonful of this harmless "fruit laxative" and in a few hours all the foul constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic, remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here so don't be fooled. Get the genuine made by "California Fig Syrup Company."

NEW HIGH SCHOOLS
During the last year the number of white high schools in Kentucky has increased twenty. Prof. McHenry, state superintendent of high schools, stated in his annual report.

There are now 3390 high schools with an enrollment of 217,000, an increase of 2,129 and a decrease of 148 in the teaching force which now numbers 1,140.

The average attendance is 60 for the 39 schools.

The schools graduated last year 2468 students, whom 795 are attending college an increase of 30.

HEAVY TOLL TAKEN BY SPANISH INFLUENZA
Washington, Jan. 5.—The influenza epidemic which swept the country during the latter part of last year, caused 111,885 deaths in the 46 largest cities and increased the combined death rate for these communities from 1918 to 1919 per thousand, according to statistics made public today by the Census Bureau. Total figures for the country were not available.

WEDS SEVEN SOLDIERS
New York, Jan. 4.—Trained Salvation Army women workers are now cooperating with the Bureau of War Risk Insurance in an investigation to determine the validity of claims made by dependents of enlisted men. The investigators found that in one case a woman had been receiving the allowances of seven soldiers, having married all seven in turn, previous to their departure for overseas.

SOUTHEASTERN KY. DEVELOPING COAL
Barbourville, Ky., December 20.—The Louisville and Nashville Railroad is preparing to construct about 50 miles of new railroad in southeastern Kentucky coal fields. It is learned from authoritative sources that the company will double track the portion of the Cumberland Valley Division from Corbin to Pineville, a distance of 22 miles and a section of the Harlan Branch, extending from Pineville to Paige, Bell County, where extensive yardage has already been constructed. Yards will also be installed at Nolan and Baxter in the Harlan coal fields and at some point a roundhouse and repair shops will probably be erected. Construction work, it is stated, will begin at once.

A tract, consisting of probably the three largest coal development forces in the world are now beginning vast operations in Harlan county. Wisconsin Steel Company and International Harvester Co., subsidiaries, and the Black Mountain Coal Co. now being a Peabody subsidiary, are now beginning in earnest the development of acres at a cost which will total many millions of dollars. It is to handle the L. & N. coal fields, the company is organizing the service.

Latest Tittle in the World.
At Lynch, the new town of the United States Coal and Coke Company, the largest coal tittle in the world will be installed. The United States corporation which is now shipping coal, will develop its mines to a total daily production of 400 cars. Coal will be shipped directly to Gary, Ind., where it will be converted into coke and by now building a hotel to accommodate 140 rooms of stone construction and designed to be the finest between Louisville or Cincinnati and Lexington, Ky.

The United States interests own about 60,000 acres and are constantly adding to their holdings.

The Wisconsin Steel Company, with headquarters at Harlan, two miles from the Lynch operations of the United States corporation, is beginning the building of 400 new houses to house the great increase in working force which will follow the enlarged output planned.

This corporation, which owns about 50,000 acres, is coking the coal from the Benham mines. Recently the company will build a complete town, contracts having already been let for 800 houses. Pike roads are also being built by the company throughout the district under its control.

The Black Mountain corporation owns 20,000 acres in the Yorkum Creek district and also has extensively scattered tracts. The company is developing the High Split vein of coal. It is said that 20 openings will be made in the seam and the output loaded at a central tittle. The High Split seam has never been worked before in the Kentucky fields, although regarded as the best domestic coal.

AGREEMENT IS REACHED
By Stanley and Beckham in Kentucky Revenue Fight.

Washington, Jan. 5.—Senator elects A. O. Stanley and Senator J. C. W. Beckham, of Kentucky, have reached a complete understanding regarding the dispute over the Kentucky fields. By virtue of surrendering to Beckham the right to appoint the collector at Louisville, Stanley is to have the right to name two of his lieutenants as collectors.

Collector Thompson, of Covington, and Collector Hughes, of Danville, probably will be replaced by Stanley men.

BIG SANDY NEWS
PIKEVILLE
AGED CITIZEN DIES.

James Taylor probably the best known and one of the oldest citizens of this county passed away at his farm near Coal Run shortly after midnight Thursday. Mr. Taylor had been sick for several days of stomach trouble and a complication of diseases. His age was 80 years.

Mr. Taylor was numbered among Pike county's most prosperous farmers and his home at Coal Run is one of the most beautiful farms on the river.

County Superintendent Fonso Wright is spending a few weeks with his parents, Mr. and Mrs. Sam Rice at Ft. Pierce, Fla.

Vernon Stump has returned to Cincinnati and resumed his studies in the Bible school there after a visit to his parents, Mr. and Mrs. A. O. Stump. Miss Pluma Campbell is nursing Mrs. Will Johnson, who is a victim of influenza.

Lycium Number.
The second program of the lycium course held at Pikeville this winter under the auspices of Pikeville college was given Thursday night. Noah Fulbright, an impersonator, gave the "Hoosier School Master."

John Kendrick Dies.
Relatives in this city received the sad news last week of the death of John Kendrick which occurred Christmas eve at Baltimore, Md., where he had a position with the government. Death was due to influenza and its after effects. Mr. Kendrick was the oldest son of T. J. Kendrick, principal of Pikeville High and Graded School. Prof. and Mrs. Kendrick attended the funeral and burial which took place at Honaker, W. Va., on Sunday.

Mr. Kendrick was in the prime of young manhood, being about 28 years old. His wife survives.

Mrs. Margaret Call.
Mrs. Margaret Call passed away at the Call home at Yeager Thursday. She had been a victim of stomach trouble for some time. The remains were brought to Pikeville to be interred in the family plot.

Funeral services were held at the home of her grandson W. P. Call. Services were in charge of Dr. Jas. F. Record.

Mrs. Call was 68 years old, she is survived by three daughters, Mrs. Rebecca Cornett, this city, Miss Lizzie Cornett, and Mrs. Charlie Cornett, of Catlettsburg and by five sons, John and Will of this city, Jim, of Heller, Andrew and Hibbard who reside near Yeager and Grover who is with the U. S. Troops in France.

Visiting Western Points.
Miss Rissie Pherigo and Mrs. Bert Long accompanied by the latter's sister, Mrs. W. P. Ford, left Monday to visit relatives at Crescent, Okla. They will also visit in Colorado and will be absent from Pikeville several weeks.

Rev. Daves Out.
The many friends of C. C. Daves pastor of the Baptist Church in this city are delighted to see him out after an attack of influenza. Rev. Daves will fill his pulpit Sunday morning and evening.

Revival Services.
Revival services will begin at the M. E. Church, south, January 12. Rev. May of Gadsden, Ala., will conduct the meetings. He will bring a singer with him. Rev. May is a graduate of Vanderbilt University and is among the noted preachers of the South.

Secures Appointment.
T. M. Huffman has been appointed shipyard at West Point. Naval Academy by F. T. Hatcher, former Senator George B. Martin. Mr. Huffman is a splendid young man. He has been attending school at Marine Corps, for the past few months but is now in Pikeville spending the Christmas season with home folks.

K. L. Varney.
K. L. Varney who has been employed in agricultural work for a number of counties in Eastern Kentucky, left Friday with his family for Trigg county where he will superintend a large farm.

Much good has resulted from Mr. Varney's work in the Big Sandy. His gospel of better work, better work and better homes is proving the heaven that is slowly but surely ushering in a brighter, sweeter and happier life for the mountaineer.

Two Sons in Army.
Alex Ratliff, Sr., of Ashcamp, was Monday. Mr. Ratliff has two sons with the U. S. Troops in France. He is a relative of one of our efficient city attorney A. S. Ratliff.

Mrs. Otis Improves.
The many friends of Mrs. C. G. Otis who has been quite sick for the past several weeks will be pleased to learn that she is well on the road to recovery. Mrs. Otis had with her during her illness her sister Mrs. E. L. Karick of Colorado.

Attended Funeral.
Those who attended the funeral and burial of Mrs. Lawrence Lawson at Deskins, Tuesday, from here were Mrs. Tom Williamson and daughter Miss Sarah, J. A. Scott, Geo. Pinson, Jr., S. M. Cecil, Mack Bowles Prof. T. M. Riddle and Frank Damron.

New Year Party.
One of the most charming events of the season was the New Year party given at the home of Mrs. F. T. Hatcher Tuesday night. The rooms were beautifully decorated for the occasion. Music and games were indulged in until an hour near midnight when the guests were served with a delicious salad course.

Wedding-Thompson.
A wedding that has created much interest throughout this section because of the popularity of both parties was that of Miss Hattie Weddington age 22 and Capt. W. W. Thompson, age 25, which was solemnized at the home of the bride at Coal Run Saturday evening. Rev. M. C. Reynolds of Coal Run officiating. Only the members of the immediate family were present.

ONE DOSE RELIEVES A COLD—NO QUININE
"Pape's Cold Compound" ends bad colds or gripe in a few hours.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end gripe, misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, fever, sore throat, sneezing, soreness and stuffiness.

Don't stay stuffed! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such quick relief as Pape's Cold Compound, which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Do you see the good results?

TUSCOLA
The Old Year went gushing tears as she died and the New Year went gushing tears as she came in till the streams overflowed their banks. But Mr. Northwind came chilling the air and covering the ground with the beautiful snow so we now have genuine winter weather.

Looking back over the past year we consider it, in many respects, the greatest in history. The American soldiers and sailors turned the tide in the world war and brought a cessation of hostilities.

The farmers have contributed largely and the housewives have saved that the coming year might be saved from starvation. Everything emphasizes the fact that in union there is strength while in division there is weakness.

When the allied armies were placed under one head all doubt vanished and victory was certain.

May the escutcheon of America flame in letters of gold in the treaty that is being made; that our soldiers may not have died in vain; and that the sacrifices made by all may be a cord that will bind them closer together and closer to God.

We are informed that J. F. Thompson of Jettie has sold his farm to Milt Watson. Consideration \$2800. We are not informed as to where Mr. Thompson will move.

Camillus Jordan has moved from McDaniels to Orville Jordan's farm where he will farm in the year 1919.

John Gallion has moved from Sand Hill to J. K. Woods' farm.

Mrs. Ellen Saxton has been visiting friends here for some time.

Mrs. Grace Graham and little daughter of Ashland are visiting her parents, Mr. and Mrs. F. Jordan.

Mrs. Kittle Jordan and son Henry, visited friends near Grayson last week.

C. W. Rice was at Catlettsburg last week. He has been in poor health for some time but seems to be gaining now.

CHECKING HOG CHOLERA.
Frankfort, Ky., Jan. 3.—Losses to stock raisers in Kentucky and dealers from hog cholera has been reduced from \$2,500,000 in 1912 to \$200,000 in 1918. Dr. F. P. Mussemann, State Veterinarian said today this enormous decrease had been due to vaccination of hogs with cholera serum and the education of stock raisers to the needs of precaution. Of 4,000 cattle tested last year for tuberculosis only 92 were found infected.

Sometimes a fellow has a pocket full of recommendations that he got from employers who wished to get rid of him.

"Cascarets for Mother's Pets"
Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again—only 10 cents a box.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poisons from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Cascarets contains directions for children aged one year old

motor trucks, no longer needed since the signing of the armistice.

Each of these hospitals contains 100 beds and complete equipment except for kitchen utensils. The buildings in which these hospitals will be housed in the Near East have been erected. With the hospital equipment the committee will purchase large quantities of medical supplies which have been stored in France to safeguard the health of American soldiers. These supplies will be rushed to the Near East from a French port.

Careful surveys of the situation in the Near East indicate that lack of transportation facilities is the chief cause of famine. There is food enough to keep the inhabitants from starving, but it cannot be distributed to supply 25,000 square miles of country. There are only 80 miles of railroad. Consequently there is plenty of food in some sections of the country where food is grown, but great distress in those which are not self-supporting. In the cities especially there is great need. On one occasion wheat became so scarce in a community in Persia that the price increased 1,200 per cent.

FURS

LET'S FINISH OUR JOB WILL BE PLEA OF U. S. IN APRIL

OFFICIALS BELIEVE COUNTRY WILL RISE TO ITS DUTIES IN FIFTH LIBERTY LOAN DRIVE

The world at large admits that the United States "started something" when we went into war. The treasury department officials at Washington believe that the United States will be ready and willing to "finish it" when the last three weeks in April roll around.

The last three weeks in April are the weeks tentatively set for the Fifth Liberty Loan campaign. And one of the appeals to be made to the public in the sale of the bonds will be the appeal to finish the job. A committee headed by Guy Emerson, director of the Liberty Loan Committee of the New York district, was appointed at a recent meeting of treasury department representatives from the twelve federal reserve districts and delegated to go over the ideas and views expressed at the conference with an idea of stirring out of them a basis for a sales campaign in April.

Two features stood out prominently as obvious and convincing arguments for the purchase of bonds of the Fifth loan. One was the need for finishing the job we have on our hands. The heavy expenses incident to demobilization, return of the boys and whatever reconstruction or world-policing duties may fall to us from the peace table must be met. The proceeds from the Fourth Loan are unavailable for these purposes as they were spent almost as soon as they were raised.

The other feature upon which particular stress is to be laid, in the opinion of the men outlining the plan, is the investment feature. As an investment the bonds will be particularly attractive from the standpoint of safety because the transaction from a war to a peace basis in this action can not have any other effect on them than to increase their value.

Greatest Nation Of Wasters Is Reformed By War

THE silver lining of the war cloud was apparent to one man down in New York City long before the signing of the armistice made it visible to all men. And this man saw it from a little different angle.

He was S. W. Straus, New York financier and president of the American Society for Thrift.

"The war has taught us as a people more about thrift than any other one thing which could befall or has befallen us," Straus said in a recent interview. "We have practically doubled, since the war started, the number of families in the United States who have something put by for a rainy day."

"We had been a most wasteful nation up to the beginning of the war. Before war the number of persons who were drinking on without ap-

money, thought or provision for the future, as alarming. Now there must be thousands of thousands of millions of people who are living in poverty. They have either had to save to buy their food or have to save now because of contracting to buy them."

"In the present period of reconstruction," he went on, "and in the future every man, no matter how meagre may be his employment, must practice thrift, and every employer must see, first, that conditions are such that his employees can practice thrift and, second, that they do practice it."

"Giving up all pleasures and recreations for the sake of saving money is not thrift, according to the Straus view. He says:

"Pleasures which we really enjoy bring us definite returns in increased health and contentment. It is the expenditure of all we have for pleasure—perhaps for pleasure which is not such to us but which is considered the thing by our neighbors—that spells waste and extravagance. We shall never become a nation of tightwads, as the expression goes."

He left last night on the return trip to Paris, and will visit Milan, Turin, and Genoa. The Pope presented the President a handsome mosaic reproducing guide Ren's famous picture of St. Peter. The President's visit to Rome was the busiest of his European trip and the most demonstrative.

According to advices from Paris, while no actual agreements have been reached on peace problems, great progress has been made, and Americans are optimistic. The President's work so far has been merely preparing the ground, it is said.

The old First Kentucky, now a part of the 138th Artillery, returned to Louisville yesterday and last night the boys were given a rousing welcome by friends and relatives. The trains which bore them home were twenty hours late.

Advices from Europe indicate that President Wilson regards the demonstrations in his honor in Paris, London, Manchester and Rome show that the people of Europe approve of his plan to League of Nations as a guarantee against all war.

In his address at the dinner at the Quirinal Friday night to President Wilson King Victor Emmanuel indicated that Italy favored the League of Nations as proposed by President Wilson as a means of guaranteeing the peace of the world.

THE BEST TE

Is the Test of Time.

Years ago Mrs. R. J. Lewis, Franklin St. Louis, told of great results from using Doan's Kidney Pills. Now Mrs. Lewis confirms the statement—says there has been no return of the trouble. Can't you see the value of the pills? For a long time I suffered from kidney ailments, and many remedies, but got no relief. Doan's Kidney Pills, however, freed me from those terrible backache. They strengthened my nerves and bladder and cured all my symptoms of kidney trouble. (Statement given January 27, 1918. On December 4, 1918, Mrs. Lewis said: "Doan's Kidney Pills have been strong and have acted like a charm. I am now feeling like a new woman, at all times.")

President Wilson was made a citizen of the city of Genoa Sunday and delivered an address at the shrine of Mazzini and at the monument to Columbus.

The Berlin Government considers the advance of Russian Bolsheviks toward Riga as a menace and as foreshadowing the invasion of Prussia, and is considering sending an army to repulse the Reds.

Although outnumbered three to one, the American troops in Northern Russia are fighting desperately against the Bolshevik forces who are trying to outflank them.

Congress was asked yesterday by President Wilson, through a message transmitted by the State Department, to appropriate \$100,000,000 for the relief of starving Europe.

WEEKLY HEALTH TALKS

A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablet form of double strength, and called them Anuric Tablets. They dissolve uric acid in the human system as fast as it dissolves sugar. If you have uric acid troubles, don't delay in taking Anuric Tablets, which can be secured in the drug store. You can write Dr. Pierce, too, and he will tell you what to eat, and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

A Doctor's Gift to The World

A Remedy to Overcome Catarrh and Catarrhal Conditions was Dr. Hartman's Legacy to the World of Suffering.

The Doctor early recognized the insidious nature of catarrh and consecrated his life to checking the ravages of the worst of all health destroyers.

PERUNA

The Greatest of All Catarrh Remedies

Catarrh first attacks the mucous linings in the nose, throat, lungs, stomach, bowels or any other part of the body. Unchecked it finally breaks down the tissues and chronic ailments develop which, if not fatal, are always difficult to cure.

Guard your health with Peruna. Don't wait until all catarrhal inflammation and congestion of the mucous linings. Many startling recoveries have been recorded.

TOOK IT FOR CHRONIC BRONCHITIS. "I was troubled for four or five years. A few doses of Peruna would always bring relief. In the Spring of 1914, I began taking Peruna in earnest and used twelve bottles and have not had an attack in two years. I feel better and can do more work than in ten years. Peruna also cured me of chronic Bronchitis and I recommend it as a splendid remedy."

W. H. F. MEHRIDGE, Santa Fe, N.M. "I had catarrh and was all run down. Many claimed it was consumption and I really thought so myself. I had a pain in my lungs and left side, no appetite, could not sleep, always weak and tired. I took fifteen bottles of Peruna and an entirely new man. I weigh 135 pounds. Thanks to Peruna."

MRS. A. J. NECKOWA, Minneapolis, Minn. N. B. "If you want health, insist upon having Dr. Hartman's World Famous Peruna."

IN LIQUID OR TABLET FORM. Sold everywhere. Ask your Dr. or write to Dr. J. C. Hartman, World Famous Peruna Co., 101 N. 3rd St., St. Paul, Minn.

GERMANS HAVE NOT KEPT AGREEMENT

Paris, Jan. 7.—Only ten days remain before the expiration of the time allotted to Germany for the meeting of the armistice terms of Marshal Foch, and many of the details still remain not entirely complied with. This is particularly true as concerns article 4 of the armistice, regarding the surrender of war materials, especially guns and airplanes.

About 5,000 motor trucks have been delivered up but the number of railroad engines turned over equals only half the number stipulated in the armistice—5,000. A great number of the 150,000 railway cars in good working order called for are still undelivered. In addition naval units, including submarines, remain in German ports, although under the terms of the armistice they should have been surrendered.

Added to the nonfulfillment of the surrender of war paraphernalia is the failure of Germany to abide by her agreement to repatriate immediately a great number of Entente soldiers held at prisoners, and in high quarters here the question has arisen if in spite of Marshal Foch's accustomed indulgence, the interallied command will not be more severe in its dealings with Germany when the expected request by Germany for a further delay in meeting the allied terms comes up for discussion.

PAINTSVILLE, KENTUCKY

ADVANTAGES—

Teachers of broad experience and adequate equipment. Christian environment. Active religious influence. A Christian character is built into the life of every student. Truth and unshakable belief in the Word of God are the basis of the school. Here you have Christianity and religious influence in positive terms.

COURSES—

Academic—Good high school or college preparatory of fered. All the required subjects and a number of electives. Standard course admitting to any college.

Normal—Course offered meeting the State requirement for examination and what is better a thorough preparation for successful teaching.

Commercial—Strong course in bookkeeping, short hand typewriting and correlative subjects. Our graduates are now offered through the business course.

Music—Piano and Voice. This department has well merited the praise it receives. We have had far more than the average success and the course for this year is to be strengthened.

Expression—Kentucky is noted for oratory. It is a talent of marvelous power and when properly developed and cultivated makes one master of assemblies. We believe it is a grave mistake to neglect this talent and are offering a splendid course in physical culture and expression.

Grades—So many people living in the rural communities desire for their children better school advantages and at the same time home care. In our elementary department we offer this opportunity. Our teachers are graduates having had special training for the grade work and in our dormitory the teachers will continue in charge. This gives you the advantage of the best schooling and also the same careful oversight of the home.

OUR DORMITORY—Girl students will be required to board in the dormitory where they will be under the immediate care of the teachers. This is not done to curtail liberties but to give to these young ladies that helpful sympathetic oversight that is so essential in the development of a wise and stable character.

INFORMATION—We invite your patronage and if you are thinking of sending your boy or girl away for the year's schooling we urge you to investigate the opportunities offered by **SANDY VALLEY SEMINARY**. Write to **H. G. SOWARDS, Principal**, Paintsville, Ky., for any further information you may desire.

In This \$1.00 Dollar Vault Are Handled All Liberty Bonds Sold In This District

MENTION of huge sums of money does not give us the thrill it once did before we got used to mouthing the totals of war loans and war expenses.

But when you actually stand in a little room about 12 feet wide and 20 feet deep and are told that it normally contains a round billion of dollars in Uncle Sam's best currency and securities, the old thrill is bound to take hold of you.

Above is depicted the "billion dollar vault" in the basement of the Federal Reserve Bank of Cleveland. Your Liberty Bonds, you who live in the Fourth Federal Reserve district, have been in that vault. And these men handled them before they went to you.

GIRLS! LEARN TO WHITEN YOUR SKIN

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily.

SOMETHING ABOUT SUNNY FLORIDA

I will tell you something about this great country, the garden spot of the United States. The thermometer registered 74 on December 27, 1918. Flowers in bloom, grass green, thousands of cattle roaming over the broad acres of grazing land. English Peas in bloom. Thousands of acres of cabbage are almost ready for the market. There are opportunities here for hustlers, but if you don't want to hustle and have plenty of money, come and spend the winters in Florida. Hundreds of people own orange groves here and still live in the north and come here in the winter; then go back north in summer and have a good income from the grove. I prefer staying here myself as you will know or Dr. Bromley can tell you I was an asthmatic as bad as any case in the Big Sandy Valley. Am cured sound and well and don't want to take any chance on another attack. People are fine, kind, sociable and the very best of neighbors. I have made good here and this past summer has been one of pleasure. At no time was it over 99 at Orlando, Fla. I will be glad to answer any questions any of my friends may want to ask whether it profits me or not. You all know I am a Real Estate dealer and try to make a little on every deal, but not enough to hurt any one. With best wishes to all my friends and the News, I am, yours truly,

RESOLUTIONS OF CONDOLENCE.

Louisville, Ky., Dec. 17, 1918.

The Executive Committee of the Kentucky Sunday School Association (in session), having just learned with deep regret of the death of Mrs. W. J. Vaughan, wife of our esteemed Field Worker, Brother W. J. Vaughan, and while realizing the feebleness of human words to comfort bereaved ones at such a time, yet the Committee would voice its sorrow.

Therefore, be it resolved: That the members of the Executive Committee of the Kentucky Sunday School Association tender to our brother, W. J. Vaughan, and to his motherless children, our deep and heartfelt sympathy, and our great bereavement, together with the assurance of our abiding love to him; and that our earnest prayer be, that the Great Comforter, the Comforter of broken hearts, will comfort and sustain the bereaved ones.

Rehabilitation of Soldiers Is Work Immediately Ahead

The great battle for the salvation of the world from German Kultur is not "over and done with" for a good many thousands of the men who have been fighting it, and consequently it is not "over and done with" for the Americans who have been backing them at home.

These thousands are coming back from the battle fields wounded and disabled. Their sacrifices will be continued throughout their lives.

But the sacrifice will be lessened as much as possible by the greatest surgical ability of the world, and by the money of the country.

A considerable part of the last Liberty Loan funds will be used in such rehabilitation work as the world never dreamed of in past years. It will include surgery, artificial limbs, medical services, and finally vocational training which will enable the soldier to take up his life again and make it of value to himself and society.

The picture above shows one retrained soldier for whom a mechanical arm application makes it possible to work in a chemical laboratory.

Liberty Loan Honor Counties Announced

Cleveland, Dec. 6.—The six proudest counties in the Fourth Federal District are those which first reached the Liberty Loan quota. Along with the pride of being that, they won the honor each of signing a U. S. ship.

The counties are Ashland, Vinton, Franklin and Henry in Ohio; Hancock in West Virginia; and McCrory in Kentucky.

Frank K. Martin has been named as the ship sponsor for the Liberty Loan.
